Biography

Dr hab. Edyta Maśior is an artist and academic teacher, currently working at the Faculty of Graphic Arts at the Academy of Fine Arts in Cracow, Poland.

As an artist she has developed her artistic practice within different fields of traditional as well as new media arts. While her early training consisted of traditional techniques in visual arts, this experience would eventually lead her towards an interest in new media arts, which has since developed into a creative practice in time-based media works. Her work in visual and sonic media arts draws attention to communication and perception processes, as well as explores the intersection between art and technology by way of interactivity, predominantly with installation environments. Her research addresses the media translocations in the definition of modern art transformations.

Her academic background includes completed studies in her native country, as well as abroad. Her Habilitation (dr hab. / post-doctoral degree) was awarded by the Eugeniusz Geppert Academy of Fine Arts in Wrocław, Poland. She concluded her PhD in Intermedia at the Jan Matejko Academy of Fine Arts in Cracow. She obtained her MA in Digital Arts (Postgraduate Programme Studies) at the Athens School of Fine Arts, Greece. She attended Modern Greek Language courses at the National and Kapodistrian University of Athens. She holds a Master of Arts degree at the Faculty of Arts at the Pedagogical University of Cracow, becoming the first student there to receive the Erasmus / Socrates scholarship to study at the University of Crete.

She has received fellowships from the Alexander S. Onassis Foundation, the State Scholarships Foundation (IKY Greece), Erasmus / Socrates program, and Polish academic scholarships.

Her research and practice have been presented at conferences, in solo and group exhibitions and as well as festivals both in her native country and abroad.

She is the author of the series: *Impertinent Wandering* (2002), *Unsealed Dream* (2009), *Maria* (2009), *Balloon, Thread and Three People* (2008-2010), *"Like a Bird Alone On a Roof"* (2006-2009), *Laiki #1-#6* (2009-ongoing), *Balloons* (2006-ongoing), among others.
